

Health Coverage is Still Available

Covered California's open enrollment closed on February 5, 2015, but health coverage is still available. Medi-Cal enrollment is year-round and enrollment through Covered California's special enrollment is still available for individuals who have experienced a qualifying life event, such as getting married or losing health coverage. Check out ALL IN's resource page to learn more about health care for your family.

ALL IN can help families with their updated special enrollment infographic, which provides a step-by-step guide for enrolling in health coverage through Covered California and Medi-Cal. For more information visit www.allinforhealth.org
