

Ellyn Satter's Division of Responsibility in Feeding

Parents provide *structure, support* and *opportunities*. Children choose *how much* and *whether* to eat from what the parents provide.

The Division of Responsibility for Infants:

- The parent is responsible for *what*
- The child is responsible for *how much* (and everything else)

The parent helps the infant to be calm and organized and feeds smoothly, paying attention to information coming from the baby about timing, tempo, frequency and amounts

The Division of Responsibility For Toddlers through Adolescents:

- The parent is responsible for *what, when, where*
- The child is responsible for *how much* and *whether*

Parents' Feeding Jobs:

- Choose and prepare the food
- Provide regular meals and snacks
- Make eating times pleasant
- Show children what they have to learn about food and mealtime behavior
- Not let children graze for food or beverages between meal and snack times
- Let children grow up to get bodies that are right for them

Fundamental to parents' jobs is trusting children to decide *how much* and *whether* to eat. If parents do their jobs with *feeding*, children will do their jobs with *eating*:

- Children will eat
- They will eat the amount they need
- They will learn to eat the food their parents eat
- They will grow predictably
- They will learn to behave well at the table
