
 **Orange County Farmers' Markets:** There are roughly 400 certified Farmers Markets in California, with more than 100 of them in the southland. The Wednesday Santa Monica market is one of the largest & most successful in the nation. It's located on Arizona Ave. between 2<sup>nd</sup> & 3<sup>rd</sup> Sts. & runs from 8:30 to 1:30.

 Below are the listings for Farmers Markets in Orange County. Children can learn so much about food by talking with the people who actually grow it. And as always, the early bird gets the worm!

#### **Is it organic?**

Frankly, it may not matter. Yes, pesticides and unsavory additions do matter a lot, both for our health and the environment. But many small family farms cannot pay for the rigorous testing and application process that an organic certification requires — yet these very farms produce fruits, vegetables, cheese and meat well within the rules of organic compliance. The bottom line...just ask.
